

25X1

BERLIN - Pressure

Soviet and East German pressure on Western position continues to increase

Crossing points between Soviet Zone, West Germany:

4 of 10 roads open

7 of 8 passenger rail lines open

main canal route closed

West Berlin being sealed off from East Berlin, East Germany by:

physical barriers

closing West Berlin-East zone crossing points

separation city transport facilities; street-car

system now in two units, elevated may soon be split.

25X1

West Berliners visit in East Berlin, not in Eastern zone

The approximately 43,000 West Berliners employed East Berlin will soon be discharged.

East Berliners discouraged visiting West Berlin.

Possibly before, more probably at time of West German ratification of Bonn and Paris treaties, West Berlin will be sealed off from East Berlin, Soviet Zone left with limited rail and road access to West Germany.

Will not present grave new problems to West Berlin though unemployment will increase.

President :

Questions :

1. Why Couldn't this
be given to select
members Cong ?
2. What about this
Lat American Business
Havent we been
investing in Cominches
etc .

WEST BERLIN - Situation

25X1

Trade West Berlin - West Germany has increased, morale good.

Production levels low, 25% unemployed, percentage growing with influx refugees.

Refugees - new monthly high December, 16,000, still rising.

BERLIN - WESTERN POSITION

25X1

Retaliation measures limited; rail and canal by-passes completed.

Electric power and public transport except elevated could be operated independently for West Berlin.

Water and sewage system disruption by East Germans would risk serious problems East Berlin.

West Berlin now has stockpiled nearly year's supply of solid and liquid fuels, six months of food and medical supplies -
